## ARRESTED ON A FORGERY CHARGE

Roy LaMee, Truck Driver of Milroy,  
Held For Sheriff of Williams  
County, Ohio

TO BE TAKEN TO BRYAN, OHIO.

Raymond Finney Granted Divorce  
From Stella Finney in Circuit  
Court Today

Roy LaMee, a truck driver of Milroy, was arrested this morning by Sheriff Jones, and he is being held in jail here awaiting the authorities from Bryan, O., who say he is wanted in that city on a charge of forgery.

Sheriff Jones received a message yesterday from L. T. Perkins, sheriff of Williams County, Ohio, in which he requested the arrest of LaMee, and Sheriff Jones got into communication with him over the telephone last night, and it was learned that he was wanted on a charge of forgery.

Sheriff Perkins left last night, and was expected to arrive here this afternoon and take charge of the prisoner. LaMee drives a gravel truck in Milroy, and had lived there about a year. The jail here has been empty since Wednesday.

The jury which heard the case of Charles B. Harvey against George Lockridge on an account suit here yesterday, found for the defendant against the plaintiff, with only two ballots being necessary for their decision.

The suit was venued here from Henry county and occupied the court most of the day. The plaintiff, who is 80 years old, demanded about \$400 judgment on an account, the allegations being filed in two paragraphs.

Several minor matters were taken up this morning in the circuit court, including the action on several claims against estates, which were allowed as petitioned for by the plaintiffs.

Raymond Finney was granted a divorce from Stella Finney this morning in the court, when the defendant defaulted. The parties are residents of Carthage.

In the petition of Ed Woods against Burton Robbins to restore sanity, the cause was dismissed today by the court for lack of jurisdiction, owing to the fact that the defendant has never been declared a person of unsound mind.

In the divorce suit of Russell Faust against Louva Faust, in which the defendant had been granted a motion for a change of judge, three names were submitted

## RED CROSS NURSE TO BE ON THE JOB SOON

One is Employed by Rush County  
Chapter And Will Begin Duties  
Within a Week

IDENTITY IS NOT REVEALED

A county Red Cross nurse has been employed by the Rush county chapter, it became known today, but the officers of the chapter were not ready to divulge the identity of the person who has been engaged.

It was stated by persons in authority that a nurse would be "on the job within a week", but it is not definitely determined yet who the nurse will be, it is understood.

The need of a county nurse to function in the same way outside of the city as the public health nurse functions in Rushville, has been felt here for some time. The Rush county Red Cross organization has been on a "still" hunt for two years for a registered nurse who would meet the Red Cross requirements, but has never been successful.

The delay in employing a nurse has been due to the strict requirements of the Red Cross and by the frequent promises of the district organization to find a nurse. A few days ago a committee was instructed to hire a nurse and they did.

## INHABITANTS FLEEING Three Earthquakes Felt in Elsinore, Utah—Monroe Also Feels Shock

(By United Press)

Salt Lake City, Utah, Oct. 1.—Three more earthquakes were felt at Elsinore, Utah this morning and the inhabitants were fleeing in terror from the town. Monroe also suffered a small shock today.

Several buildings were damaged by the shock. The quakes started Thursday morning when three residences and a school building were wrecked, and continued at short intervals since. The shock was felt fifty miles about. Elsinore has a population of 1,000.

## FARMERS WARNED OF PROPAGANDA

May Expect to be Told They Face  
Failure in Effort to Organize  
Cooperative Sales Agency

GRAIN GROWERS ATTACKED

Efforts Made to Discredit Effort Are  
Cited in Literature Received  
Here

According to word received today by the local farmers' association from the American Farm Bureau Federation, the organized farmer can expect to be told again that he will face certain failure in his efforts to establish a national co-operative sales agency. Hundreds of representatives of the organized grain trade will meet in Chicago October 3, 4 and 5 to attend the annual meeting of the Grain Dealers' National Association, the organization which fathered the Mansfield \$250,000 propaganda committee which started an unsuccessful campaign of propaganda against the U. S. Grain Growers' Inc. shortly after the pledging of the quarter million dollar "slush" fund at Cincinnati. Congress is now investigating that meeting and the subsequent acts of the Mansfield committee.

"Farmers may as well prepare themselves for an avalanche of propaganda," says C. H. Gustafson, president of the U. S. Grain Growers, Inc. "The organized grain trade will bring its heaviest guns to bear on co-operative marketing during this meeting but an institution that is as well founded as is the U. S. Grain Growers will weather this new attack just as it did the one that was launched shortly after the Cincinnati meeting. Next week will only be the second phase of the battle that is being waged against producers' efforts to build a better marketing system."

Publications which get practically all their revenue from the organized grain trade for several weeks have been busy trying to drum up trade for the convention. The Western Grain Journal, typical of this class in its current issue says:

"Without doubt, the biggest problem before the association is the co-operative movement fathered by the U. S. Grain Growers. The Grain Dealers' National Association was the author and the booster of the plan to spread propaganda showing the faults and the impracticability of the plan. Further consideration will be given the grain growers' scheme at the annual meeting and it is of utmost importance that propaganda be continued to discredit the farmers' movement."

This sentiment, printed in one of the organized grain trade's most representative publication, indicated what producers may expect before the meeting adjourns.

CALLS FOR KLAN PROBE

Washington, Oct. 1.—Another resolution calling for a probe of the Ku Klux Klan was introduced in the house today by Representative Dyer, Missouri, who favors an anti-lynching legislation.

CRASH ON ELEVATED

Chicago, Oct. 1.—Twenty persons were injured, five seriously when elevated trains crashed on the Oak Park elevated road here today. A speeding express crashed into the rear of another train.

## TO LAUNCH DRIVE FOR RILEY HOME

School Children of Indiana Will be  
Asked to Contribute For Riley  
Hospital

TO BE HELD OCT. 7 TO 28TH

Rush County Schools Will Make  
Campaign to Contribute Their  
Share in State

The schools of Rush county will take part in the state wide campaign this month, in connection with the celebration of the birthday of James Whitcomb Riley, and in raising funds for a children's building to be built by donations from children, at the James Whitcomb Riley hospital for children.

This announcement was made today by W. E. Wagoner, county school superintendent, who is in receipt of a communication from B. J. Burris, state superintendent of public instruction, to the effect that the entire state will launch a drive in the schools on the seventh of the month, which is Riley's birthday, and continue until the 28th.

The county school superintendent stated today that this is the only campaign for funds that he will endorse among the school children, and because of its needy purpose, he feels that Rush county will do its share in the project.

The Riley hospital for children will be a state institution, the legislature having appropriated \$125,000 as a building fund. Under the law, any child in the state who needs medical or surgical attention can be admitted to the hospital.

"There are ten thousand children in Indiana who need what this hospital can give them," Mr. Burris said. "There is a real need for the hospital, and we believe it to be the most fitting memorial for Riley that could be undertaken."

The communication which Mr. Wagoner received from Mr. Burris, is as follows:

"The schools of Indiana have a very important work during the month of October in connection with the celebration of the birthday of James Whitcomb Riley and raising funds for a children's building to be built by donations from children, at the James Whitcomb Riley Hospital for Children. This Hospital will be open to the children of Indiana who need its services, and will also serve as a lasting memorial and expression of the love and respect of the school children of Indiana for Riley."

"Pamphlets containing Riley birthday celebration programs, together with a statement of the campaign and announcement concerning the Riley pictures as prizes, are being sent to you today, and it is requested that you place in the hands of your teachers immediately with directions to provide a program for Riley's birthday, Friday, October 7th and also tell them the importance of joining in the building fund campaign enthusiastically."

"The campaign should be started on Riley's birthday, October 7th, and concluded Friday, October 28th. Report blanks for each teacher and for the pupils, together with return envelopes, are being sent to you and these also should be placed in the hands of the teachers immediately, with a request that these reports with contributions be mailed to the James Whitcomb Riley Memorial Association, Indianapolis. Check should be made payable to the James Whitcomb Riley Memorial Association."

"This is an opportunity for the schools of Indiana to perform a great need in assisting to establish a Hospital for Children and also we believe you will agree that it is the most fitting memorial to the great Hoosier poet that could have been undertaken. Your immediate and personal enthusiastic cooperation is desired."

KUHN FUNERAL SUNDAY

The funeral services for Fred Kuhn, who died at his home in Blue Ridge Thursday night, will be held at the Evangelical church near Blue Ridge Sunday morning at 10:30 with the Rev. S. Caldemeyer officiating. Interment will be made in the church cemetery, nearby.

## OFFICER SEES NO CAUSE FOR ALARM

Dr. J. B. Kinsinger, Secretary of  
City Health Board, Says Diph-  
theria is Under Control

TWO CASES ARE REPORTED

Deaths in Rushville Ahead of Births  
During September—Other Sta-  
tistics For Month

"There is no cause for alarm over the diphtheria situation in Rushville, as the few cases in the city are now under control, and any reports that are being circulated are false and untrue", stated Dr. J. B. Kinsinger, city health officer today, whose books showed only two cases of the disease for the month just ended.

Of these two cases one child died, but the parents were said to have objected to the use of anti toxine, or physicians would probably have saved the child's life, it was stated today. It also is understood that two more cases in the same family have not been reported, but with these cases, only two families are quarantined, and steps have been taken to prevent it from spreading.

This is the ideal time of the year for diphtheria, according to the authorities, although this time last year there were no cases in Rushville, but it was offset by four cases of scarlet fever, of which there is not a case now in Rushville.

Deaths ran ahead of births last month, when there were 12 people died within the city limits and eight babies born.

The matter of garbage collection, which comes under the supervision of the health department, is now being adjusted, and people are becoming satisfied with the service offered by the city, through Rex Innes, the city garbage collector.

Last month the fire department spent an idle period, with the chemical truck answering only one alarm, which was an automobile fire, with no loss. The hose truck was not used during the month.

Over in the circuit court, there were 24 civil suits filed during September, among them being, three for divorce. Each divorce suit was offset by five marriage licenses as the county clerk issued 15 during September.

In Justice Stech's court there were 20 criminal cases placed on the docket during September. Of this number 12 were given a fine, one was dismissed, two bound over to the circuit court, three remain to be tried, and in two no arrests have been made yet. The highest fine was \$100, which was given a woman, and which was withheld during good behavior. Of the number of cases filed, sixteen involved men and four women.

Justice Stech also had one civil suit filed, which was heard and an appeal taken to the circuit court, and one other case was dismissed before coming up for trial.

OTHER POWERS TO BE ASKED

Washington, Oct. 1.—All the powers invited to the Washington armament conference are asked to agree that Holland and Belgium be represented at the meeting. The state department is now awaiting reply to the suggestion that Portugal also be invited to the conference. All powers are expected to agree to this and it is hoped that within two or three days the invitation can be sent to Holland, Belgium and Portugal.

TO PROBE ELECTION

Chicago, Oct. 1.—A grand jury probe of the judicial election held here last June, when the Mayor William Hale Thompson, slate of candidates for the bench was defeated, was ordered today by Judge McKinley. The investigation was ordered on request of the Chicago Bar Association.

HEARINGS POSTPONED

Poughkeepsie, N. Y., Oct. 1.—Resumption of hearings in the divorce suit of Mrs. Fifi Potter Stillman and James A. Stillman scheduled for October 11 has been postponed until November 1, because of the illness of Referee Gleason, it was announced.

## PREMIER NAMES CONFEREES Lloyd George Himself Will Preside at Sessions of Irish Parley

London, Oct. 1.—Premier Lloyd George today was understood to have selected the following as members of the British cabinet committee to negotiate Irish peace with Eamonn De Valera October 11.

Sir Hamar Greenwood, chief secretary for Ireland; Lord Chancellor Birkenhead; Sir Laming Edwards, secretary for war; Winston Churchill, colonial secretary.

The prime minister himself will preside at most of the sessions. He may be absent from the minor ones, however, as he must devote much attention to the unemployment situation.

A careful—not too enthusiastic—view was taken by most of the newspapers of the latest note of Eamonn De Valera which proclaimed his willingness to accept the Lloyd George invitation to conference in London, Oct. 11.

## NO INTEREST IN COMING ELECTION

Practically No Activity in Preparation  
For Vote on City Officers  
November 3

ONLY 5 WEEKS FOR CAMPAIGN

Women of Rushville Will Vote in City  
Election For First Time This  
Fall

Although the city election will be held five weeks from next Tuesday, there is practically no evidence of any activity among the candidates. The calm that is preceding the election is so prevalent that the average voter had all but forgotten about the coming election.

The election will be held on Tuesday, November 8, and before that date many preparations must be made. It is expected that both of the political parties will open local headquarters and that the drives for votes will be made vigorously a few days before the election. As a general rule the campaign in this city does not open in earnest until three or four weeks before the election day and frequently little interest is shown in the campaign until a week or ten days before the ballots are cast.

Women in Rushville will vote in the coming city election for the first time. Four years ago suffrage had not been given women and the fight lay with the men. The entrance of women into the political arena in the meantime means that the candidates will be required to conduct their campaigns among approximately twice as many voters as the aspirants for office did four years ago.

Women are expected to take an active part in the campaign this fall. In the general election the women's organizations played a vital part in the campaign.

There will be only two tickets in the field—republican and democratic, which is in contrast to the situation in many Indiana cities where there are independent candidates seeking office.

Mayor R. E. Scudder, the incumbent, heads the republican ticket, having been elected in the primary last spring from a large field of candidates. Walter Thomas is the democratic candidate for mayor and was nominated without any opposition in the primary.

While principal attention is always centered in the mayoralty race, much interest will be shown in the councilmanic elections.

BABY BOY IS BORN

A baby boy has been born to the wife of Robert Norris, grandson of Mrs. J. R. Carmichael of this city, who is well known here, at their home in Pittsburgh, Pa., according to news received here.

## MINERS MAY USE STRIKE AS WEAPON

This is Indicated When Convention  
Empowers Board to Use Every  
Means to Fight Wage Cuts

DEMANDS TO BE DEFERRED

Vote to Withhold Action Until Feb-  
ruary Victory For Conservative  
Element in U. M. W.

(By United Press)

Indianapolis, Ind. Oct. 1.—Indications that a nation wide coal strike will be the weapon used by the coal miners in resisting the wage reductions began to take definite form at the United Mine Workers convention today.

The convention voted unanimously to empower the international executive board to "use every means at its disposal to fight the wage cuts at the Colorado mines operated by the Rockefeller interests".

At the same time the delegates deferred until next February the formulation of these wage demands which they will present to the operators at the expiration of the present contracts next March. In doing this they reverse the previous action which would have brought the wage question before the convention.

By adopting this policy the convention again overcame the insurgent minority opposing the recommendations of President Lewis for postponement.

Supporters of the administration quelled the action of the opponents at every turn and adopted Lewis's report.

Miners Idle as Protest

Columbus, Kan., Oct. 1.—Ten thousand miners were idle in southern Kansas coal fields as a protest against Alexander Howat and August Dorchy, district union chiefs being held in jail.

The breach between the Kansas insurgents and the International United Mine Workers apparently widened today when the Pittsburgh Local telegraphed a recall to William Mullikin, district delegate to the Indianapolis convention, because Mullikin voted with the Lewis faction of conservatives in the Howat and Lewis test ballot.

## LEGION WILL "PULL" SOME STUNTS AT GAME

Two Firing Squads Are Organized to  
Be Used at Kiwanis-Rotary  
Contest Tuesday

PARADE AT 2 P. M. PLANNED

At a meeting Friday night the local post of the American Legion made preliminary arrangements for some stunts to be "pulled" at the ball game between the Kiwanis and Rotary clubs at the Tail Lights grounds next Tuesday afternoon at two-thirty o'clock.

The proceeds will go to the Legion pots for furnishing their new club rooms and members of the organization are selling tickets and using their influence to get out a crowd. Two firing squads are being organized for use at the game, it is stated.

Unusual interest attaches to the contest because it will be the deciding one of a series of three, each team having a game to its credit. The high school band will head a parade of the two clubs and the Legion, which will form at the corner of Morgan and Second streets and march through the business district.

This will be the last amateur ball game of the season and a large crowd is expected to attend.

HOOVER PREPARES APPEAL

Washington, Oct. 1.—Secretary of Commerce Hoover in behalf of President Harding is preparing an appeal to the country to put in effect at once the emergency recommendations of the international unemployment conference. The appeal probably will be addressed to governor, mayors, and leading manufacturers.

Feed: Heavy production and light demand caused weak feed market. Other feed demand also dull. Livestock and Meats: Compared with a week ago Chicago hog prices were steady to ten cents higher. Good beef steers ranged from 10c to 50c higher while medium grade steers and butcher cows and heifers were weak to 25c lower. Feeder steers were 35c to 50c lower and veal calves \$1 to \$1.50 lower. Beef fifty cents to \$2 lower per 100 lbs. Mutton prices were practically unchanged. Sept. 30 prices good grade meats beef \$13.50 to \$15; veal \$18 to \$20; lamb \$16 to \$18; mutton \$11 to \$15; light pork loins \$25 to \$28; heavy loins \$14 to \$20.

Grain: Wheat prices were downward during week except for brief rally on Thursday due to oversold condition and rush to cover. Lack of export demand, selling pressure, and lack of outside support were main factors in declines. Close of week found wheat prices still lower with liquidation in evidence. Increased arrivals were expected in few days from Northwest. Corn declined with wheat and because of weakness in cash markets. Country offerings fairly liberal at close of week. COLISEUM REVIVAL  
TO RUN THROUGH WEEK

Evangelist R. L. Mollenback Will Preach on "The Second Coming Of Christ" Sunday

## LIVELY SONG SERVICE HELD

The revival meetings which have been in progress since September 22 at the Rushville city Coliseum are to continue through next week. An encouraging degree of interest was shown in last night's meeting, which opened with a rather lively song service in which the quartette of evangelistic workers sang, "In Him" followed with a solo by Mrs. H. W. Cornelius.

A very effective sermon was preached by the Rev. R. L. Mollenback on "God's Plum Line." Evangelist E. M. Cornelius will speak at tonight's service.

A special feature in Sunday's program will be a sermon by R. L. Mollenback at 3 p. m. on "The Signs of the Times," or "The Second Coming of Christ." In this sermon he will deal with some of the mysteries of Bible prophecy, including "The League of Nations," "Man of Sin," "The Mystery of Iniquity," etc.

## WOMAN ALLEGED TO BE BOOTLEGGER IS KILLED

Lillian Denison Runs Into Barracks at Ft. Harrison With Car and Is Fatally Injured

### SOLDIER HELD FOR SHOOTING

Indianapolis, Ind., Oct. 1.—Lillian Denison, an alleged woman bootlegger, was killed at Fort Benjamin Harrison late yesterday when a car she was driving crashed into a barracks porch, tearing off the top of her head. A bullet wound was found in her body.

Corporal Ivan R. Dowling of Company K, 40th infantry, was held by post authorities pending investigation. Dowling, it was learned, fired one shot at the Denison woman's ear after she had refused to stop on challenge.

Dowling's bullet went through the front and rear seats and struck Mrs. Denison, who was driving, above the right hip. Officers at the fort were unable to determine whether the shot had caused the woman to lose control of the machine.

Several bottles of moonshine whiskey were found in the car. Two companions of the Denison woman, Mrs. Mabel Dorisch and Ida Ferry, both of Indianapolis, were held on vagrancy charges.

Mrs. Denison was arrested last Tuesday on the charges of neglecting her 15-year-old daughter. At that time, according to police, a gallon of whiskey, 13 quarts of home brew and eight gallons of home brew mash were found in her home here.

## VILLAGE STIRRED BY BRUTAL MURDER

Twenty-Nine Wounds Inflicted by a Hatchet and Revolver Found on Body of Mrs. R. D. Eastlake

### COLONIAL BEACH, VA., TRAGEDY

Husband and Alleged Sweetheart, a Trained Nurse, Accused of Crime by Coroner's Jury

(By United Press)

Colonial Beach, Va., Oct. 1.—Twenty-nine wounds inflicted by a hatchet and a revolver, were found by an autopsy here today on the body of Mrs. Robert D. Eastlake, whose brutal murder is charged by a coroner's jury to her husband and his alleged sweetheart, Miss Sarah E. Knox, of Baltimore.

This little village has been stirred by the brutality of murder and threats of violence have been made against Eastlake a naval petty officer. He and Miss Knox, who is a trained nurse, graduate of John Hopkins, have been removed to the Westmoreland county jail at Montrose to await grand jury action.

The body of Mrs. Eastlake, the mother of four children, was found in her home here early yesterday. Miss Knox had rushed through the village telling that Mrs. Eastlake had been murdered. Her head was almost severed from her body.

The jury found that Mrs. Eastlake's death was caused "by sharp instruments in the hands of her husband and the nurse."

Testimony against Eastlake was given by two of his children, eight and ten years old. They said they were awakened by the noise of the brutal murder. They entered another room of the house and saw their father. He, according to the children's testimony, rushed them back to bed saying their mother had been hurt and was being taken to the hospital.

Miss Knox admitted she slept in a house about ten yards from the tragedy the night before and was up early to see Eastlake.

The bloodstained raincoat, identified as belonging to the nurse, and a revolver, were found in a clump of bushes near where she slept. The hatchet was found in the Eastlake house and traces of blood were in the kitchen, indicating the nurse tried to wash away traces of the murder.

Police said blood spots were found on clothing worn by Miss Knox, testified that Mrs. Eastlake had been extremely nervous regarding alleged relations of her husband with the nurse. She was said to have lived in terror of Miss Knox. For several short periods, Miss Knox is said to have lived in the Eastlake home and Mrs. Eastlake on various occasions ordered her away.

The nurse says she saw a man running away from the house in the early dawn. She says she rushed in and found the mutilated body.

The husband testified his wife prepared breakfast for him and was in good spirits when he left for work.

When the body was found neighbors rushed to tell Eastlake.

They testified he showed no concern over the tragedy. He is said to have maintained his indifferent demeanor when he returned home and during the inquest.

## TO TALK BEER BILL TO DEATH

Senate Wets Hold a Meeting and Determine to Block Measure by A Filibuster

### DEAD FOR THIS SESSION

Bill Designed to Prevent Treasury Department From Legalizing "Medicinal Beer"

By FRASER EDWARDS (U. P. Staff Correspondent)  
Washington, Oct. 1.—Senate wets today decided to talk the anti-beer bill to death.

A score of wet Senators led by Broussard of Louisiana, met and determined to block the bill by a filibuster.

The measure may be revived next session, but the wets are confident it is dead as far as this session is concerned.

The anti-beer bill was designed to prevent the treasury department from issuing regulations legalizing the sale of beer "for medicinal purposes."

If the bill is to be held up, the treasury may go ahead and issue these regulations which are based on a ruling of former Attorney General Palmer that medicinal beer is legal.

Drys have fought hard against issuance of the regulations, asserting they will loose a flood of beer upon the country.

The "wets" based their decision today the bill on the assumption that the "drys" will not accept the Stanley anti-search and seizure amendment, which has been the bone of contention for many weeks. They declared that they will keep the issue before the Senate and the country "until the people realize that their inalienable constitutional rights are at stake."

Radical drys are equally not to accept the Stanley amendment which they declare would aid the bootleggers.

To secure the consent of Senator Sterling of South Dakota to the agreement to vote on the peace treaties with the Central powers on October 14, administration leaders assured him that the beer bill would finally be disposed of, following the passage of the tax revision bill.

But they reckoned without the "wets." Senator Reed of Missouri, one of the "wet" leaders, promptly told Senator Lodge and Senator Sterling that he was not a party to the agreement. His views are shared by more than a score of other "wets."

The "wets" are going to take care that they will not be forced to filibuster for weeks to prevent the passage of the bill. The insistence of the Democrats that the treaties be given deliberate and reasonable consideration plays into their hands.

## AMUSEMENTS

### "The Galloping Devil"—Mystic

Franklyn Farnum, who is to appear at the Mystic Theatre today in "The Galloping Devil" for a limited engagement, is the possessor of the well-earned reputation of being the greatest liar in pictures.

In "The Galloping Devil" Farnum plays the part of a smiling knight of the sage brush, Andy of the Flying U. It seems that Andy is much given to the telling of a good story, and the less truth that the story possesses, the better the story is.

In this picture Farnum can lie as fast as he can gallop and things get very much up in the air for a while, but before the story is over he uncovers much deviltry, saves the heroine in regular Wild West style, and with the blushing cow girl as his bride lives happy ever afterwards.

The picture was produced by Col. William N. Selig, and it is said that it is among the most ambitious pictures of its kind that has ever been made.

"The Galloping Devil," which is the first of a series of Western pictures in which this popular young star is to appear, was received in New York and other large centres with praise and commendation.

The people have taken to Franklyn Farnum. His virile impersonations of Western characters are considered as being among the finest pieces of acting on the screen today.

### Wm. Hart at the Princess

Does "The Whistle" mean anything to you? If so you will realize that realism and symbolism are happily combined in the meaning of "The Whistle" the title of William S. Hart's latest production for Para-

mount which comes to the Princess theatre for today.

The whistle awakens untold thousands of workers each morning to their day of toil. To "jump to the sound of the whistle" is the creed of the men who labor with their hands.

Mr. Hart provides an admirable portrayal of one of these toilers, and his son is another. But his mercenary employer indirectly causes the death of the latter by refusing to protect the open shafting in the mill with safety devices. This turns Robert Evans (Mr. Hart) into a vengeful man, a man of iron, who thinks only of his great loss. Desolate, he strives to take the work of Providence into his own hands but in the end realizes the importance of his course. The finale is a happy one, and the drama proceeds to a wonderfully effective conclusion.

would you continue to do this if you knew positively that a state motorcycle or cop or even a constable was on your trail to report you or to cause your arrest?

This query has been propounded by the Hoosier State Automobile Association in a bulletin just issued from its headquarters in the Claypool Hotel, Indianapolis.

"There is but one way effectively to curb the growing tendency toward hoggishness and law violation, and that is for each member of our organization to act as a committee of one to report all violations," declares the bulletin. "We believe that if a violator's motor number, a brief description of his car and the nature of the offense should be reported to our secretary, M. E. Noblet, that ways and means may be found of getting 'under the hide' of the motorist who gives such offense or who violates state and city laws.

"We do not mean to intimate in this that our own members are free from the reckless spirit. We hope to be informed of all discourtesies, all reckless driving or law violations committed by any of our members as well as non-members. The members know better. They have indicated by putting up their membership fees that they are anxious to assist us in making motoring conditions more nearly ideal and that is a point in their favor to begin with. We can not carry on our state-wide civic work, safety surveys, erecting danger signs, marking trails, and such essential work, without greater co-operation of motorists. The non-member who is receiving some of the public advantages of our organization should really feel ashamed not to come in with us on this work so the field may be more thoroughly covered.

"Of course, we are not looking for the millennium just as present, and doubtless until then motoring conditions may not attain the ideal. But we are striving for that goal in our work and we have the assistance of only a minority of Indiana motorists. We should have a majority of them if we are to accomplish the greatest good to the greatest number.

"Help us save lives. Help us curb reckless driving and road hogs. Just do your part, that's all!"

The men who arrange the world's series would confer a great favor on the public if they would get it out of the way before football comes on the stage. People with single-track minds find it difficult to follow both.

Germans are being urged to immigrate to America, but judging from the glowing reports from Berlin of

conditions in the fatherland, none of them will want to come.

Senator Borah should worry so long as the German reichstag is willing to ratify the treaty with the United States.

Many newspapers are still printing daily the "Revelations of a Wife," written by an aged spinster lady.

Looks like the Kiwanis and Rotarians will have to hurry and get that ball game out of their system or the frost will get them.

## Current Comment

**Old Home Town Paper Week**  
(Editor & Publisher)

H. C. Hotaling, Secretary of the National Editorial Association proposes that the country newspapers designate the week of November 7-12 as "Old Home Town Paper Week," a week for the country newspaper to do something for itself. It is a good idea.

The country newspaper boosts every project which has for its purpose the betterment of the community. It devotes its space generally to the various "weeks" that are promoted during the year without thought of its own interest. In return for the services rendered why should it not devote one week out of fifty-two to its own fortunes?

Local merchants know that the more readers the paper has the more goods they will sell. It is to their interest, therefore, to help increase its circulation. If during "Old Home Town Paper Week" the business men of the town will help get new subscribers it would be a big boost for the paper and, incidentally a big help to the town itself.

COMPARISON OF  
OUTFIELDS MADE

From Defensive Standpoint, Giants  
Are Regarded Superior to the  
Yankees

OPPOSITE ON OFFENSIVE

Many Critics Favor Giants Gard-  
ners Because of Steadiness and  
Defensive Ability

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Oct. 1.—Recollecting the \$10,000 miff of Fred Snodgrass several years back, it is easy to get the importance of an outfield in a world's series.

Cleveland's outfield work in the classic last fall was largely instrumental in causing the downfall of the Brooklyn Robins.

This year the outer defense of the Giants and the Yankees will be of double importance of the prospect of a lot of long, hard hitting in the coming series.

Figuring defensive work, the outfield of the Giants is superior to the second wall of the Yanks. Emil Meusel, George Burns and Ross Young are an easing working, more reliable combination than the Yanks.

On the offense, the Yankee gardeners may be better than the National leaguers. Any trio including Babe Ruth and Bob Meusel is bound to be a powerful combination—when they are hitting.

In right field "Pep" Young the little Giant, has it all over Bob Meusel in fielding his position. Young can play ball off the right field wall better than any gardener in the league. Meusel is woefully weak near the wall and as all the games are to be played on the Polo grounds, the wall play is bound to be highly important. Meusel's clouting gives him an advantage. Meusel is batting .327 while Young has an average of .321.

In the centerfield there is little comparison. The Giants have it by a wide margin. George Burns is one of the greatest fielders in the business while Miller is only ordinary. The Yankees newcomer is weak at the bat where Burns is always dangerous.

Left field goes to the Yankees because of the presence of the great Babe Ruth. The greatest hitter in the game, Ruth is also a better fielder than he is generally regarded as being. "Irish" Meusel, the Giant left fielder is also a heavy hitter, but his fielding is not good enough to overcome the disadvantage that Ruth's stick puts him under.

Many managers would favor the Giant outfield in preference to the Yankees on account of its steadiness, its defensive ability and its consistent hitting.

Watching Score Board

Yesterday's hero—Jamieson got four hits out of four times up, helping the Indians to beat the White Sox, 3 to 2.

Rogers Hornsby hit a homer and two doubles and scored three runs enabling the Cards to beat the Pirates, 12 to 4, on "Hornsby day". He was presented with two diamond rings, a diamond stick pin and \$2,000 worth of liberty bonds.

Goslin, rookie outfielder, drove in four runs, helping the Senators defeat the Red Sox, 6 to 4.

FOOTBALL AT ARLINGTON

The Morristown independent football team will play Arlington Sunday afternoon at 2:30 o'clock at Arlington. This will be the first home game of the football season for Arlington and it is expected that a large crowd will be on hand to witness the game. Jerome Caren of this city will play with the Arlington team. On October 9 Shelbyville will play at Arlington.

ANDERSONVILLE IS  
COMING BACK LOADED

Will Depend on Ciever to do Pitching  
in Game With Tail Lights Here  
Sunday

RECORD CROWD IS EXPECTED

A record crowd is expected to witness the baseball game here tomorrow between the Tail Lights and the Andersonville team, as it will be the second game between these two teams, and it has been stated that the visiting team is coming loaded with a few heavy hitters to take the places of the weak spots in their line-up of last Sunday.

The manager, however, will rely on Croddy to take care of the pitching end, as he was effective last Sunday when the locals got only seven hits off of him. If Andersonville had not made costly errors, the score would have been tied 1 to 1 at the end of the game.

The Tail Lights will use the same line-up as last Sunday, and they are confident that they will get to Croddy early in the game. The locals will appear as follows: Joyce, 2b; Byrne, c; Bennett, 1b; Pierce, cf; George, 3b; Smith, rf; Shaw, ss; Ciever, p; Sharp, lf. The game tomorrow will be called promptly at 2:30.

INDEPENDENT TEAM  
TO BE IN THE FIELD

Odd Fellows Basketball Aggregation  
Will be Organized Next Week  
For Season

TO PLAY ON TUESDAY NIGHTS

The I. O. O. F. Independent basketball team, which made a good record last season, will again be in the field this year, and practice will begin next week, according to E. I. Higgs, manager of the team. The first game will probably not be played until November 15, and the games will be scheduled on Tuesday nights, so that they will not conflict with the high school schedule.

The team held a meeting this week and a decision was reached, whereby only the fastest of clubs will be played, and for an opener, it is being planned to have the Shelbyville team here for a game.

The team will go in training next week, and Coach Russell Kirkpatrick will assume active charge of the squad. A call will probably be issued for basketball players, and all who are anxious for a try-out will have an opportunity. Several of the members of last year's team will again be here.

Inhabitants of Hollywood Film Colony Discuss Reception Given  
Fatty Arbuckle

COMEDIAN IS IN SECLUSION

Los Angeles, Oct. 1.—Rumors ran through the Hollywood film colony today that the demonstration Fatty Arbuckle received upon his arrival yesterday was a staged affair, with hired "supes" doing the cheering.

This gossip originated at the Hollywood hotel where many film stars make their headquarters. It was hotly denied by friends of the comedian who is out on \$5,000 bail charged with causing the death of Virginia Rappe.

Fatty's arrival in Los Angeles has in fact caused a sharp division in the ranks of the movie people. Some favor Arbuckle, others denounce him.

Meanwhile Arbuckle is remaining in the seclusion of his West Adams street mansion. He was not alone, however. His friends thronged the house. In addition to his wife, Minta Durfee Arbuckle, those present included Buster Keaton and his bride formerly Natalie Talmadge, Slim Summerville, Eileen Percy, Hank Mann, Mrs. Walter St. John, director Eddie Cline and other film celebrities.

Arbuckle's anxiety to avoid the limelight did not prevent him from admitting newspapermen and press photographers to the house in large numbers. The boom of flashlights resounded through the corridors.

The Famous Players Lasky interests, holders of Fatty's movie contracts, refused to make a statement whether the contracts would be cancelled. It was understood no action would be taken until after Arbuckle's trial.

New York, Oct. 1.—Willie Jackson and Pete Hartley, New York light weights fought fifteen rounds to a draw here last night.

Minneapolis, Minn., Oct. 1.—Jack Josephs of Minneapolis took ten rounds of terrific punishment at the hands of Pinkie Mitchell of Milwaukee. Mitchell floored Josephs in the second round for the count of eight. After that Josephs tried everything but flying to stay the limit. Jimmy Woodhall and Stuart McLain fought a ten round draw. Joe Quinn outpointed Al Arvey in ten rounds and Norman Addison and Fred Talbert fought a four round draw.

Milwaukee, Wis., Oct. 1.—Dick Kerr, Chicago White Sox pitching star, will play here Tuesday with the Red Sox of the lake Short League against the Brewer barnstormers if the management can make arrangements with the Chicago Sox southpaw, it was learned today. Eddie Stump went to Chicago last night to sign up either Dick Kerr or Red Faber, preferably Kerr.

Denver, Colo., Oct. 1.—Charley White, Chicago lightweight knocked out Bobbie Ward, St. Paul battler, in the fifth round of a scheduled ten round bout here last night. White was the aggressor all the way.

New York, Oct. 1.—Christy Mathewson, the "old master" who is now fighting tuberculosis at Saugatuck Lake will get between \$40,000 and \$50,000 as a result of the testimonial game yesterday at the Polo grounds. Giant officials estimated today. The exact sum will not be known until after the world's series when the club is going to redeem the rain checks issued.

Sale of boxes netted more than \$12,000 while rain insurance taken out by the Giants, brought in \$22,500 more.

TO PLAY AT MORRISTOWN

The Connersville Reserves will stack up against the Morristown Dauntless club at Morristown tomorrow and a big game is being anticipated from the fans of that community. Cooley or Wanley will pitch for the Connersville team and Morristown will be represented by a strong line-up.

New York, Oct. 1.—Still seeking that one necessary victory between them and the American league championship, the New York Yanks will get two chances this afternoon to pass into the worlds series.

Two games on the Polo grounds with the lowly Macks of Philadelphia will give the clouters of Huggins the chance to get it all over with and end the battle that has had baseball on its ear for two weeks.

Babe Ruth is ready to take his place again in left field. He reported to the club yesterday afternoon and said he was fit to play again.

## FORD WILL CONTINUE HIS NEWBERRY FIGHT

One is Employed by Rush County  
Protesting Against Alleged  
Misuse of Money

Detroit, Oct. 1.—Henry Ford declared today he would not "stop protesting against the illegal use of money in elections as long as Truman H. Newberry is in the United States Senate."

"I will carry the issue to the people in every state whose senators vote to whitewash Senator Newberry," the automobile manufacturer declared in an interview with the United Press. Ford was defeated by Newberry for the office of United States Senator from Michigan in 1918.

"I do not want public office myself," Ford continued. "You could not drag me into the senate. But I will not rest while Newberry or any one else who through illegal use of huge sums of money during a political campaign, holds a seat in the senate."

Ford said he would wait to see what the senate did with the report of its special committee which investigated the Ford-Newberry contest before making his plans on carrying the issue to the people.

## ARRESTED ON A FORGERY CHARGE

Roy LaMee, Truck Driver of Milroy,  
Held For Sheriff of Williams  
County, Ohio

TO BE TAKEN TO BRYAN, OHIO.

Raymond Finney Granted Divorce  
From Stella Finney in Circuit  
Court Today

Roy LaMee, a truck driver of Milroy, was arrested this morning by Sheriff Jones, and he is being held in jail here awaiting the authorities from Bryan, O., who say he is wanted in that city on a charge of forgery.

Sheriff Jones received a message yesterday from L. T. Perkins, sheriff of Williams County, Ohio, in which he requested the arrest of LaMee, and Sheriff Jones got into communication with him over the telephone last night, and it was learned that he was wanted on a charge of forgery.

Sheriff Perkins left last night, and was expected to arrive here this afternoon and take charge of the prisoner. LaMee drives a gravel truck in Milroy, and had lived there about a year. The jail here has been empty since Wednesday.

The jury which heard the case of Charles B. Harvey against George Luckridge on an account suit here yesterday, found for the defendant against the plaintiff, with only two ballots being necessary for their decision.

The suit was venued here from Henry county and occupied the court most of the day. The plaintiff, who is 80 years old, demanded about \$600 judgment on an account, the allegations being filed in two paragraphs.

Several minor matters were taken up this morning in the circuit court, including the action on several claims against estates, which were allowed as petitioned for by the plaintiffs.

Raymond Finney was granted a divorce from Stella Finney this morning in the court, when the defendant defaulted. The parties are residents of Carthage.

In the petition of Ed Woods against Burton Robbins to restore sanity, the cause was dismissed today by the court for lack of jurisdiction, owing to the fact that the defendant has never been declared a person of unsound mind.

In the divorce suit of Russell Faust against Louva Faust, in which the defendant had been granted a motion for a change of judge, three names were submitted

## RED CROSS NURSE TO BE ON THE JOB SOON

One is Employed by Rush County  
Chapter And Will Begin Duties  
Within a Week

IDENTITY IS NOT REVEALED

A county Red Cross nurse has been employed by the Rush county chapter, it became known today, but the officers of the chapter were not ready to divulge the identity of the person who has been engaged.

It was stated by persons in authority that a nurse would be "on the job within a week", but it is not definitely determined yet who the nurse will be, it is understood.

The need of a county nurse to function in the same way outside of the city as the public health nurse functions in Rushville, has been felt here for some time. The Rush county Red Cross organization has been on a "still" hunt for two years for a registered nurse who would meet the Red Cross requirements, but has never been successful.

The delay in employing a nurse has been due to the strict requirements of the Red Cross and by the frequent promises of the district organization to find a nurse. A few days ago a committee was instructed to hire a nurse and they did.

## FARMERS WARNED OF PROPAGANDA

May Expect to be Told They Face  
Failure in Effort to Organize  
Cooperative Sales Agency

GRAIN GROWERS ATTACKED

Efforts Made to Discredit Effort Are  
Cited in Literature Received  
Here

According to word received today by the local farmers' association from the American Farm Bureau Federation, the organized farmer can expect to be told again that he will face certain failure in his efforts to establish a national co-operative sales agency. Hundreds of representatives of the organized grain trade will meet in Chicago October 3, 4 and 5 to attend the annual meeting of the Grain Dealers' National Association, the organization which fathered the Mansfield \$250,000 propaganda committee which started an unsuccessful campaign of propaganda against the U. S. Grain Growers' Inc. shortly after the pledging of the quarter million dollar "slush" fund at Cincinnati. Congress is now investigating that meeting and the subsequent acts of the Mansfield committee.

"Farmers may as well prepare themselves for an avalanche of propaganda," says C. H. Gustafson, president of the U. S. Grain Growers, Inc. "The organized grain trade will bring its heaviest guns to bear on co-operative marketing during this meeting but an institution that is as well founded as is the U. S. Grain Growers will weather this new attack just as it did the one that was launched shortly after the Cincinnati meeting. Next week will only be the second phase of the battle that is being waged against producers' efforts to build a better marketing system."

Publications which get practically all their revenue from the organized grain trade for several weeks have been busy trying to drum up trade for the convention. The Western Grain Journal, typical of this class in its current issue says:

"Without doubt, the biggest problem before the association is the co-operative movement fathered by the U. S. Grain Growers. The Grain Dealers' National Association was the author and the booster of the plan to spread propaganda showing the faults and the impracticability of the plan. Further consideration will be given the grain growers' scheme at the annual meeting and it is of utmost importance that propaganda be continued to discredit the farmers' movement."

This sentiment, printed in one of the organized grain trade's most representative publications, indicates what producers may expect before the meeting adjourns.

## TO LAUNCH DRIVE FOR RILEY HOME

School Children of Indiana Will be  
Asked to Contribute For Riley  
Hospital

TO BE HELD OCT. 7 TO 28TH

Rush County Schools Will Make  
Campaign to Contribute Their  
Share in State

The schools of Rush county will take part in the state wide campaign this month, in connection with the celebration of the birthday of James Whitcomb Riley, and in raising funds for a children's building to be built by donations from children, at the James Whitcomb Riley hospital for children.

This announcement was made today by W. E. Wagoner, county school superintendent, who is in receipt of a communication from B. J. Burris, state superintendent of public instruction, to the effect that the entire state will launch a drive in the schools on the seventh of the month, which is Riley's birthday, and continue until the 28th.

The county school superintendent stated today that this is the only campaign for funds that he will endorse among the school children, and because of its needy purpose, he feels that Rush county will do its share in the project.

The Riley hospital for children will be a state institution, the legislature having appropriated \$125,000 as a building fund. Under the law, any child in the state who needs medical or surgical attention can be admitted to the hospital.

"There are ten thousand children in Indiana who need what this hospital can give them," Mr. Burris said. "There is a real need for the hospital, and we believe it to be the most fitting memorial for Riley that could be undertaken."

The communication which Mr. Wagoner received from Mr. Burris, is as follows:

"The schools of Indiana have a very important work during the month of October in connection with the celebration of the birthday of James Whitcomb Riley and raising funds for a children's building to be built by donations from children, at the James Whitcomb Riley Hospital for Children. This Hospital will be open to the children of Indiana who need its services, and will also serve as a lasting memorial and expression of the love and respect of the school children of Indiana for Riley."

"Pamphlets containing Riley birthday celebration programs, together with a statement of the campaign and announcement concerning the Riley pictures as prizes, are being sent to you today, and it is requested that you place in the hands of your teachers immediately with directions to provide a program for Riley's birthday, Friday, October 7th and also tell them the importance of joining in the building fund campaign enthusiastically."

"The campaign should be started on Riley's birthday, October 7th, and concluded Friday, October 28th. Report blanks for each teacher and for the pupils, together with return envelopes, are being sent to you and these also should be placed in the hands of the teachers immediately, with a request that these reports with contributions be mailed to the James Whitcomb Riley Memorial Association, Indianapolis. Check should be made payable to the James Whitcomb Riley Memorial Association."

"This is an opportunity for the schools of Indiana to perform a great need in assisting to establish a Hospital for Children and we believe you will agree that it is the most fitting memorial to the great Hoosier poet that could have been undertaken. Your immediate and personal enthusiastic cooperation is desired."

## OFFICER SEES NO CAUSE FOR ALARM

Dr. J. B. Kinsinger, Secretary of  
City Health Board, Says Diph-  
theria is Under Control

TWO CASES ARE REPORTED

Deaths in Rushville Ahead of Births  
During September—Other Sta-  
tistics For Month

"There is no cause for alarm over the diphtheria situation in Rushville, as the few cases in the city are now under control, and any reports that are being circulated are false and untrue," stated Dr. J. B. Kinsinger, city health officer today, whose books showed only two cases of the disease for the month just ended.

Of these two cases one child died, but the parents were said to have objected to the use of anti toxine, or physicians would probably have saved the child's life, it was stated today. It also is understood that two more cases in the same family have not been reported, but with these cases, only two families are quarantined, and steps have been taken to prevent it from spreading.

This is the ideal time of the year for diphtheria, according to the authorities, although this time last year there were no cases in Rushville, but it was offset by four cases of scarlet fever, of which there is not a case now in Rushville.

Deaths ran ahead of births last month, when there were 12 people died within the city limits and eight babies born.

The matter of garbage collection, which comes under the supervision of the health department, is now being adjusted, and people are becoming satisfied with the service offered by the city, through Rex Innis, the city garbage collector.

Last month the fire department spent an idle period, with the chemical truck answering only one alarm, which was an automobile fire, with no loss. The hose truck was not used during the month.

Over in the circuit court, there were 24 civil suits filed during September, among them being, three for divorce. Each divorce suit was offset by five marriage licenses as the county clerk issued 15 during September.

In Justice Stech's court there were 20 criminal cases placed on the docket during September. Of this number 12 were given a fine, one was dismissed, two bound over to the circuit court, three remain to be tried, and in two no arrests have been made yet. The highest fine was \$100, which was given a woman, and which was withheld during good behavior. Of the number of cases filed, sixteen involved men and four women.

Justice Stech also had one civil suit filed, which was heard and an appeal taken to the circuit court, and one other case was dismissed before coming up for trial.

OTHER POWERS TO BE ASKED

Washington, Oct. 1.—All the powers invited to the Washington armament conference are asked to agree that Holland and Belgium be represented at the meeting. The state department is now awaiting reply to the suggestion that Portugal also be invited to the conference. All powers are expected to agree to this and it is hoped that within two or three days the invitation can be sent to Holland, Belgium and Portugal.

## PREMIER NAMES CONFEREES

Lloyd George Himself Will Preside  
at Sessions of Irish Parley

London, Oct. 1.—Premier Lloyd George today was understood to have selected the following as members of the British cabinet committee to negotiate Irish peace with Eamonn De Valera October 11.

Sir Hamar Greenwood, chief secretary for Ireland; Lord Chancellor Birkenhead; Sir Laming Edwards, secretary for war; Winston Churchill, colonial secretary.

The prime minister himself will preside at most of the sessions. He may be absent from the minor ones, however, as he must devote much attention to the unemployment situation.

A careful—not too enthusiastic—view was taken by most of the newspapers of the latest note of Eamonn De Valera which proclaimed his willingness to accept the Lloyd George invitation to conference in London, Oct. 11.

## NO INTEREST IN COMING ELECTION

Practically No Activity in Prepara-  
tion For Vote on City Officers  
November 3

ONLY 5 WEEKS FOR CAMPAIGN

Women of Rushville Will Vote in C ty  
Election For First Time This  
Fall

Although the city election will be held five weeks from next Tuesday, there is practically no evidence of any activity among the candidates. The calm that is preceding the election is so prevalent that the average voter had all but forgotten about the coming election.

The election will be held on Tuesday, November 8, and before that date many preparations must be made. It is expected that both of the political parties will open local headquarters and that the drives for votes will be made vigorously a few days before the election. As a general rule the campaign in this city does not open in earnest until three or four weeks before the election day and frequently little interest is shown in the campaign until a week or ten days before the ballots are cast.

Women in Rushville will vote in the coming city election for the first time. Four years ago suffrage had not been given women and the fight lay with the men. The entrance of women into the political arena in the meantime means that the candidates will be required to conduct their campaigns among approximately twice as many voters as the aspirants for office did four years ago.

Women are expected to take an active part in the campaign this fall. In the general election the women's organizations played a vital part in the campaign.

There will be only two tickets in the field—republican and democratic, which is in contrast to the situation in many Indiana cities where there are independent candidates seeking office.

Mayor R. E. Scudder, the incumbent, heads the republican ticket, having been elected in the primary last spring from a large field of candidates. Walter Thomas is the democratic candidate for mayor and was nominated without any opposition in the primary.

While principal attention is always centered in the mayoralty race, much interest will be shown in the councilmanic elections.

## MINERS MAY USE STRIKE AS WEAPON

This is Indicated When Convention  
Empowers Board to Use Every  
Means to Fight Wage Cuts

DEMANDS TO BE DEFERRED

Vote to Withhold Action Until Feb-  
ruary Victory For Conservative  
Element in U. M. W.

(By United Press)

Indianapolis, Ind. Oct. 1.—Indications that a nation wide coal strike will be the weapon used by the coal miners in resisting the wage reductions began to take definite form at the United Mine Workers convention today.

The convention voted unanimously to empower the international executive board to "use every means at its disposal to fight the wage cuts at the Colorado mines operated by the Rockefeller interests."

At the same time the delegates deferred until next February the formulation of these wage demands which they will present to the operators at the expiration of the present contracts next March. In doing this they reverse the previous action which would have brought the wage question before the convention.

By adopting this policy the convention again overcame the insurgent minority opposing the recommendations of President Lewis for postponement.

Supporters of the administration quelled the action of the opponents at every turn and adopted Lewis's report.

Miners Idle as Protest

Columbus, Kan., Oct. 1.—Ten thousand miners were idle in southern Kansas coal fields as a protest against Alexander Howat and August Dorehy, district union chiefs being held in jail.

The breach between the Kansas insurgents and the International United Mine Workers apparently widened today when the Pittsburg Local telegraphed a recall to William Mullikin, district delegate to the Indianapolis convention, because Mullikin voted with the Lewis faction of conservatives in the Howat and Lewis test ballot.

## LEGION WILL "PULL" SOME STUNTS AT GAME

Two Firing Squads Are Organized to  
Be Used at Kiwanis-Rotary  
Contest Tuesday

PARADE AT 2 P. M. PLANNED

At a meeting Friday night the local post of the American Legion made preliminary arrangements for some stunts to be "pulled" at the ball game between the Kiwanis and Rotary clubs at the Tail Lights grounds next Tuesday afternoon at two-thirty o'clock.

The proceeds will go to the Legion pots for furnishing their new club rooms and members of the organization are selling tickets and using their influence to get out a crowd. Two firing squads are being organized for use at the game, it is stated.

Unusual interest attaches to the contest because it will be the deciding one of a series of three, each team having a game to its credit. The high school band will head a parade of the two clubs and the Legion, which will form at the corner of Morgan and Second streets and march through the business district.

This will be the last amateur ball game of the season and a large crowd is expected to attend.

HOOVER PREPARES APPEAL

Washington, Oct. 1.—Secretary of Commerce Hoover in behalf of President Harding is preparing an appeal to the country to put in effect at once the emergency recommendations of the international unemployment conference. The appeal probably will be addressed to governor, mayors, and leading manufacturers.

## New York Stocks

Mexican petroleum was off 1/2 at 99 and steel common gained 1/4 at 79 1/2. Independent steels were 1/4 to 1/2 while Asphalt was fractionally higher. Lehigh Valley again led the railroad stocks and made a new high for the past months at 57 1/2. Burns Brothers was up 1/4 at 108.

Livestock and Meats: Compared with a week ago Chicago hog prices were steady to ten cents higher. Good beef steers ranged from 10c to 50c higher while medium grade steers and butcher cows and heifers were weak to 25c lower. Feeder steers were 35c to 50c lower and veal calves \$1 to \$1.50 lower. Both fat and feeding lambs averaged about steady. Yearlings were unchanged. Best fat ewes were steady but some of the lower grades were quoted 50c higher. Sept. 30 Chicago prices: Hogs top \$8.30; bulk of sales \$6.50 to \$8.25; medium and good beef steers \$5.75 to \$9.85; butcher cows and heifers \$3.35 to \$8.75; feeder steers \$4.65 to \$6.50; light and medium weight veal calves \$5.50 to \$12; fat lambs \$7.25 to \$8.85; feeding lambs \$6 to 7.25; yearlings \$1.75 to \$7; fat ewes \$3 to \$4.75. Stocker and feeder shipments from 11 important markets during the week ending Sept. 23, were cattle and calves 93,564; hogs 5,770; sheep 80,524. The trend of eastern wholesale fresh meat prices was generally downward compared with a week ago. Lamb was \$1 to \$4 lower and veal and pork loins steady to \$2 lower. Beef fifty cents to \$2 lower per 100 lbs. Mutton prices were practically unchanged. Sept. 30 prices good grade meats beef \$13.50 to \$15; veal \$18 to \$20; lamb \$16 to \$18; mutton \$11 to \$15; light pork loins \$25 to \$28; heavy loins \$14 to \$20.

Grain: Wheat prices were down during week except for brief rally on Thursday due to oversold condition and rush to cover. Lack of export demand, selling pressure, and lack of outside support were main factors in declines. Close of week found wheat prices still lower with liquidation in evidence. Increased arrivals were expected in few days from Northwest. Corn declined with wheat and because of weakness in cash markets. Country offerings fairly liberal at close of week. Closing prices in Chicago:

## COLISEUM REVIVAL TO RUN THROUGH WEEK

Evangelist R. L. Hollenback Will Preach on "The Second Coming Of Christ" Sunday.

## LIVELY SONG SERVICE HELD

The revival meetings which have been in progress since September 22 at the Rushville city Coliseum are to continue through next week. An encouraging degree of interest was shown in last night's meeting, which opened with a rather lively song service in which the quartette of evangelistic workers sang, "In Him" followed with a solo by Mrs. H. W. Cornelius.

A very effective sermon was preached by the Rev. R. L. Hollenback on "God's Plumb Line." Evangelist E. M. Cornelius will speak at tonight's service.

A special feature in Sunday's program will be a sermon by R. L. Hollenback at 3 p. m. on "The Signs of the Times," or "The Second Coming of Christ." In this sermon he will deal with some of the mysteries of Bible prophecy, including "The League of Nations," "Man of Sin," the "Mystery of Iniquity," etc.

A good crowd is expected at both the afternoon and night services Sunday which will begin at 3 p. m. and 7:15 p. m.

Closing prices for 92 score: New York 44c; Chicago 44c; Philadelphia and Boston 45c. Cheese markets were steady with a fair volume of trading reported. Wisconsin cheese board advances at first of week were only partially followed; Canadian cheese costing around 17 1/2c laid down at New York was of some influence on that market. Southern demand not so heavy as during recent weeks. Bidding for storage purposes was light. Closing prices at Wisconsin primary markets: Twins 19 1/2; daisies 20 1/2; double daisies 19 1/2; young Americans 20 1/2; longhorns 19 1/2.

Indianapolis, Ind., Oct. 1.—Three state institutions had overdrawn their annual appropriations at the close of the state fiscal year Friday. They were the colony for feeble minded at Butlerville, the State Tuberculosis Sanatorium at Rockville and the women's prison at Indianapolis.

The prison has spent only a little more than \$200 over its appropriation. The other institutions have overdrawn more heavily, but the exact amounts cannot be determined for sometime yet, officials said.

Officials of the state fire marsh and of the superintendent of buildings and grounds have also been operated out of emergency funds during the closing days of the year. Several departments will turn back unspent funds.

**WOMAN ALLEGED TO BE BOOTLEGGER IS KILLED**  
 Lillian Denison Runs Into Barracks at Ft. Harrison With Car and Is Fatally Injured  
**SOLDIER HELD FOR SHOOTING**  
 Indianapolis, Ind., Oct. 1.—Lillian Denison, an alleged woman bootlegger, was killed at Fort Benjamin Harrison late yesterday when a car she was driving crashed into a barracks porch, tearing off the top of her head. A bullet wound was found in her body.  
 Corporal Ivan R. Dowling of Company K, 40th Infantry, was held by post authorities pending investigation. Dowling, it was learned, fired one shot at the Denison woman's car after she had refused to stop on challenge.  
 Dowling's bullet went through the front and rear seats and struck Mrs. Denison, who was driving, above the right hip. Officers at the fort were unable to determine whether the shot had caused the woman to lose control of the machine.  
 Several bottles of moonshine whiskey were found in the car. Two companions of the Denison woman, Mrs. Mabel Dorisch and Ida Ferry, both of Indianapolis, were held on vagrancy charges.  
 Mrs. Denison was arrested last Tuesday on the charges of neglecting her 15-year-old daughter. At that time, according to police, a gallon of whiskey, 13 quarts of home brew and eight gallons of home brew mash were found in her home here.

**VILLAGE STIRRED BY BRUTAL MURDER**  
 Twenty-Nine Wounds Inflicted by a Hatchet and Revolver Found on Body of Mrs. R. D. Eastlake  
**COLONIAL BEACH, VA., TRAGEDY**  
 Husband and Alleged Sweetheart, a Trained Nurse, Accused of Crime by Coroner's Jury  
 (By United Press)  
 Colonial Beach, Va., Oct. 1.—Twenty-nine wounds inflicted by a hatchet and a revolver, were found by an autopsy here today on the body of Mrs. Robert D. Eastlake, whose brutal murder is charged by a coroner's jury to her husband and his alleged sweetheart, Miss Sarah E. Knox, of Baltimore.  
 This little village has been stirred by the brutality of murder and threats of violence have been made against Eastlake a naval petty officer. He and Miss Knox, who is a trained nurse, graduate of John Hopkins, have been removed to the Westmoreland county jail at Montross to await grand jury action.  
 The body of Mrs. Eastlake, the mother of four children, was found in her home here early yesterday. Miss Knox had rushed through the village telling that Mrs. Eastlake had been murdered. Her head was almost severed from her body.  
 The jury found that Mrs. Eastlake's death was caused "by sharp instruments in the hands of her husband and the nurse."  
 Testimony against Eastlake was given by two of his children, eight and ten years old. They said they were awakened by the noise of the brutal murder. They entered another room of the house and saw their father. He, according to the children's testimony, rushed them back to bed saying their mother had been hurt and was being taken to the hospital.  
 Miss Knox admitted she slept in a house about ten yards from the tragedy the night before and was up early to see Eastlake.  
 The bloodstained raincoat, identified as belonging to the nurse, and a revolver, were found in a clump of bushes near where she slept. The hatchet was found in the Eastlake house and traces of blood were in the kitchen, indicating the nurse tried to wash away traces of the murder.  
 Police said blood spots were found on clothing worn by Miss Knox, testified that Mrs. Eastlake had been extremely nervous regarding alleged relations of her husband with the nurse. She was said to have lived in terror of Miss Knox. For several short periods, Miss Knox is said to have lived in the Eastlake home and Mrs. Eastlake on various occasions ordered her away.  
 The nurse says she saw a man running away from the house in the early dawn. She says she rushed in and found the mutilated body.  
 The husband testified his wife prepared breakfast for him and was in good spirits when he left for work.  
 When the body was found neighbors rushed to tell Eastlake.  
 They testified he showed no concern over the tragedy. He is said to have maintained his indifferent demeanor when he returned home and during the inquest.  
**PACKERS FILE SUIT**

**TO TALK BEER BILL TO DEATH**  
 Senate Wets Hold a Meeting and Determine to Block Measure by A Filibuster  
**DEAD FOR THIS SESSION**  
 Bill Designed to Prevent Treasury Department From Legalizing "Medicinal Beer"  
 By FRASER EDWARDS  
 (U. P. Staff Correspondent)  
 Washington, Oct. 1.—Senate wets today decided to talk the anti-beer bill to death.  
 A score of wet Senators led by Broussard of Louisiana, met and determined to block the bill by a filibuster.  
 The measure may be revived next session, but the wets are confident it is dead as far as this session is concerned.  
 The anti-beer bill was designed to prevent the treasury department from issuing regulations legalizing the sale of beer "for medicinal purposes."  
 If the bill is to be held up, the treasury may go ahead and issue these regulations which are based on a ruling of former Attorney General Palmer that medicinal beer is legal.  
 Dries have fought hard against issuance of the regulations, asserting they will loose a flood of beer upon the country.  
 The "wets" based their decision today the bill on the assumption that the "drys" will not accept the Stanley anti-search and seizure amendment, which has been the bone of contention for many weeks. They declared that they will keep the issue before the Senate and the country "until the people realize that their inalienable constitutional rights are at stake."  
 Radical dries are equally not to accept the Stanley amendment which they declare would aid the bootleggers.  
 To secure the consent of Senator Sterling of South Dakota to the agreement to vote on the peace treaties with the Central powers on October 14, administration leaders assured him that the beer bill would finally be disposed of, following the passage of the tax revision bill.  
 But they reckoned without the "wets." Senator Reed of Missouri, one of the "wet" leaders, promptly told Senator Lodge and Senator Sterling that he was not a party to the agreement. His views are shared by more than a score of other "wets."  
 The "wets" are going to take care that they will not be forced to filibuster for weeks to prevent the passage of the bill. The insistence of the Democrats that the treaties be given deliberate and reasonable consideration plays into their hands.

**AMUSEMENTS**  
**"The Galloping Devil"—Mystic**  
 Franklyn Farnum, who is to appear at the Mystic Theatre today in "The Galloping Devil" for a limited engagement, is the possessor of the well-earned reputation of being the greatest liar in pictures.  
 In "The Galloping Devil" Farnum plays the part of a smiling knight of the sage brush, Andy of the Flying U. It seems that Andy is much given to the telling of a good story, and the less truth that the story possesses, the better the story is.  
 In this picture Farnum can lie as fast as he can gallop and things get very much up in the air for a while, but before the story is over he uncovers much devilry, saves the heroine in regular Wild West style, and with the blushing cow girl as his bride lives happy ever afterwards.  
 The picture was produced by Col. William N. Selig, and it is said that it is among the most ambitious pictures of its kind that has ever been made.  
 "The Galloping Devil," which is the first of a series of Western pictures in which this popular young star is to appear, was received in New York and other large centres with praise and commendation.  
 The people have taken to Franklyn Farnum. His virile impersonations of Western characters are considered as being among the finest pieces of acting on the screen today.  
**Wm. Hart at the Princess**  
 Does "The Whistle" mean anything to you? If so you will realize that realism and symbolism are happily combined in the meaning of "The Whistle" the title of William S. Hart's latest production for Para-

mount which comes to the Princess theatre for today.  
 The whistle awakens untold thousands of workers each morning to their day of toil. To "jump to the sound of the whistle" is the creed of the men who labor with their hands.  
 Mr. Hart provides an admirable portrayal of one of these toilers, and his son is another. But his mercenary employer indirectly causes the death of the latter by refusing to protect the open shafting in the mill with safety devices. This turns Robert Evans (Mr. Hart) into a vengeful man, a man of iron, who thinks only of his great loss. Desolate, he strives to take the work of Providence into his own hands but in the end realizes the importance of his course. The finale is a happy one, and the drama proceeds to a wonderfully effective conclusion.

would you continue to do this if you knew positively that a state motorcycle or cop or even a constable was on your trail to report you or to cause your arrest?

This query has been propounded by the Hoosier State Automobile Association in a bulletin just issued from its headquarters in the Claypool Hotel, Indianapolis.

"There is but one way effectively to curb the growing tendency toward hoggishness and law violation, and that is for each member of our organization to act as a committee of one to report all violations," declares the bulletin. "We believe that if a violator's motor number, a brief description of his car and the nature of the offense should be reported to our secretary, M. E. Noblet, that ways and means may be found of getting 'under the hide' of the motorist who gives such offense or who violates state and city laws.

"We do not mean to intimate in this that our own members are free from the reckless spirit. We hope to be informed of all discourtesies, all reckless driving or law violations committed by any of our members as well as non-members. The members know better. They have indicated by putting up their membership fees that they are anxious to assist us in making motoring conditions more nearly ideal and that is a point in their favor to begin with. We can not carry on our state-wide civic work, safely surveys, erecting danger signs, marking trails, and such essential work, without greater co-operation of motorists. The non-member who is receiving some of the public advantages of our organization should really feel ashamed not to come in with us on this work so the field may be more thoroughly covered.

"Of course, we are not looking for the millennium just as present, and doubtless until then motoring conditions may not attain the ideal. But we are striving for that goal in our work and we have the assistance of only a minority of Indiana motorists. We should have a majority of them if we are to accomplish the greatest good to the greatest number.

"Help us save lives. Help us curb reckless driving and road hogs. Just do your part, that's all!"

The men who arrange the world's series would confer a great favor on the public if they would get it out of the way before football comes on the stage. People with single-track minds find it difficult to follow both.

Germans are being urged to immigrate to America, but judging from the glowing reports from Berlin of

conditions in the fatherland, none of them will want to come.

Senator Borah should worry so long as the German reichstag is willing to ratify the treaty with the United States.

Many newspapers are still printing daily the "Revelations of a Wife," written by an aged spinster lady.

## Old Home Town Paper Week

(Editor &amp; Publisher)

H. C. Hotelling, Secretary of the National Editorial Association proposes that the country newspapers designate the week of November 7-12 as "Old Home Town Paper Week," a week for the country newspaper to do something for itself. It is a good idea.

The country newspaper boasts every project which has for its purpose the betterment of the community. It devotes its space generally to the various "weeks" that are promoted during the year without thought of its own interest. In return for the services rendered why should it not devote one week out of fifty-two to its own fortunes?

Local merchants know that the more readers the paper has the more goods they will sell. It is to their interest, therefore, to help increase its circulation. If during "Old Home Town Paper Week" the business men of the town will help get new subscribers it would be a big boost for the paper and, incidentally a big help to the town itself.

## COMPARISON OF OUTFIELDS MADE

From Defensive Standpoint, Giants  
Are Regarded Superior to the  
Yankees

### OPPOSITE ON OFFENSIVE

Many Critics Favor Giants Gard-  
ners Because of Steadiness and  
Defensive Ability

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Oct. 1—Recalling the \$10,000 miff of Fred Snodgrass several years back, it is easy to get the impression of an outfield in a world's series.

Cleveland's outfield work in the classic last fall was largely instrumental in causing the downfall of the Brooklyn Robins.

This year the outer defense of the Giants and the Yankees will be of double importance of the prospect of a lot of long, hard hitting in the coming series.

Figuring defensive work, the outfield of the Giants is superior to the second wall of the Yanks. Emil Meusel, George Burns and Ross Young are an easing working, more reliable combination than the Yanks.

On the offense, the Yankee gardeners may be better than the National leaguers. Any trio including Babe Ruth and Bob Meusel is bound to be a powerful combination when they are hitting.

In right field "Pep" Young the little Giant, has it all over Bob Meusel in fielding his position. Young can play ball off the right field wall better than any gardener in the league. Meusel is woefully weak near the wall and as all the games are to be played on the Polo grounds, the wall play is bound to be highly important. Meusel's clouting gives him an advantage. Meusel is hitting .327 while Young has an average of .321.

In the centerfield there is little comparison. The Giants have it by a wide margin. George Burns is one of the greatest fielders in the business while Miller is only ordinary. The Yankees newcomer is weak at the bat where Burns is always dangerous.

Left field goes to the Yankees because of the presence of the great Babe Ruth. The greatest hitter in the game, Ruth is also a better fielder than he is generally regarded as being. "Irish" Meusel, the Giant left fielder is also a heavy hitter, but his fielding is not good enough to overcome the disadvantage that Ruth's tick puts him under.

Many managers would favor the Giant outfield in preference to the Yankees on account of its steadiness, its defensive ability and its consistent hitting.

## Watching Score Board

Yesterday's hero—Jannetson got four hits out of four times up, helping the Indians to beat the White Sox, 3 to 2.

Rogers Hornsby hit a homer and two doubles and scored three runs enabling the Cards to beat the Pirates, 12 to 4, on "Hornsby day". He was presented with two diamond rings, a diamond stick pin and \$2,000 worth of liberty bonds.

Goslin, rookie outfielder, drove in four runs, helping the Senators defeat the Red Sox, 6 to 4.

### FOOTBALL AT ARLINGTON

This will be the first home game of the football season for Arlington and it is expected that a large crowd will be on hand to witness the game. Jerome Caren of this city will play with the Arlington team. On October 9 Shelbyville will play at Arlington.

## ANDERSONVILLE IS COMING BACK LOADED

Will Depend on Ciever to do Pitching  
in Game With Tail Lights Here  
Sunday

### RECORD CROWD IS EXPECTED

A record crowd is expected to witness the baseball game here tomorrow between the Tail Lights and the Andersonville team, as it will be the second game between these two teams, and it has been stated that the visiting team is coming loaded with a few heavy hitters to take the places of the weak spots in their line-up of last Sunday.

The manager, however, will rely on Croddy to take care of the pitching end, as he was effective last Sunday when the locals got only seven hits off of him. If Andersonville had not made costly errors, the score would have been tied 1 to 1 at the end of the game.

The Tail Lights will use the same line-up as last Sunday, and they are confident that they will get to Croddy early in the game. The locals will appear as follows: Joyce, 2b; Byrne, c; Bennett, 1b; Pierce, cf; George, 3b; Smith, rf; Shaw, ss; Ciever, p; Sharp, lf. The game tomorrow will be called promptly at 2:30.

## INDEPENDENT TEAM TO BE IN THE FIELD

Odd Fellows Basketball Aggregation  
Will be Organized Next Week  
For Season

### TO PLAY ON TUESDAY NIGHTS

The I. O. O. F. Independent basketball team, which made a good record last season, will again be in the field this year, and practice will begin next week, according to E. I. Higgs, manager of the team. The first game will probably not be played until November 15, and the games will be scheduled on Tuesday nights, so that they will not conflict with the high school schedule.

The team held a meeting this week and a decision was reached, whereby only the fastest of clubs will be played, and for an opener, it is being planned to have the Shelbyville team here for a game.

The team will go in training next week, and Coach Russell Kirkpatrick will assume active charge of the squad. A call will probably be issued for basketball players, and all who are anxious for a try-out will have an opportunity. Several of the members of last year's team will again be here.

## SEE DEMONSTRATION AS A STAGED AFFAIR

Inhabitants of Hollywood Film Colony Discuss Reception Given  
Fatty Arbuckle

### COMEDIAN IS IN SECLUSION

Los Angeles, Oct. 1—Rumors ran through the Hollywood film colony today that the demonstration Fatty Arbuckle received upon his arrival yesterday was a staged affair, with hired "supes" doing the cheering.

This gossip originated at the Hollywood hotel where many film stars make their headquarters. It was hotly denied by friends of the comedian who is out on \$5,000 bail charged with causing the death of Virginia Rappe.

Fatty's arrival in Los Angeles has in fact caused a sharp division in the ranks of the movie people. Some favor Arbuckle, others denounce him.

Meanwhile Arbuckle is remaining in the seclusion of his West Adams street mansion. He was not alone, however. His friends thronged the house. In addition to his wife, Minta Durfee Arbuckle, those present included Buster Keaton and his bride formerly Natalie Talmadge, Slim Summerville, Eileen Percy, Hank Mann, Mrs. Walter St. John, director Eddie Clive and other film celebrities.

Arbuckle's anxiety to avoid the limelight did not prevent him from admitting newspapermen and press photographers to the house in large numbers. The boom of flashlights resounded through the corridors.

The Famous Players Lasky interests, holders of Fatty's movie contracts, refused to make a statement whether the contracts would be cancelled. It was understood no action would be taken until after Arbuckle's trial.

## Sport Chatter

(By United Press)  
New York, Oct. 1—Willie Jackson and Pete Hartley, New York light weights fought fifteen rounds to a draw here last night.

Minneapolis, Minn., Oct. 1—Jack Josephs of Minneapolis took ten rounds of terrific punishment at the hands of Pinky Mitchell of Milwaukee. Mitchell floored Josephs in the second round for the count of eight. After that Josephs tried everything but flying to stay the limit. Jimmy Woodhall and Stuart McLain fought a ten round draw. Joe Quinn outpointed Al Arney in ten rounds and Norman Addison and Fred Talbert fought a four round draw.

Milwaukee, Wis., Oct. 1—Dick Kerr, Chicago White Sox pitching star, will play here Tuesday with the Red Sox of the lake Short League against the Brewer barnstormers if the management can make arrangements with the Chicago Sox southpaw, it was learned today. Eddie Stump went to Chicago last night to sign up either Dick Kerr or Red Faber, preferably Kerr.

Denver, Colo., Oct. 1—Charley White, Chicago lightweight, knocked out Bobbie Ward, St. Paul brawler, in the fifth round of a scheduled ten round bout here last night. White was the aggressor all the way.

New York, Oct. 1—Christy Mathewson, the "old master" who is now fighting tuberculosis at Saratoga Lake will get between \$40,000 and \$50,000 as a result of the testimonial game yesterday at the Polo grounds. Giant officials estimated today. The exact sum will not be known until after the world's series when the club is going to redeem the rain checks issued.

Sale of boxes netted more than \$12,000 while rain insurance taken out by the Giants, brought in \$23,500 more.

### TO PLAY AT MORRISTOWN

New York, Oct. 1—Still seeking that one necessary victory between them and the American league championship, the New York Yankees will get two chances this afternoon to pass into the world's series.

Two games on the Polo grounds with the lowly Macks of Philadelphia will give the clouters of Huggins the chance to get it all over with and end the battle that has had baseball on its ear for two weeks.

Babe Ruth is ready to take his place again in left field. He reported to the club yesterday afternoon and said he was fit to play again.

The bride on the arm of her father took her place beside the bridegroom under a bower of autumn decorations. The simple and impressive ring ceremony was pronounced by the Rev. C. S. Black in the presence of the immediate relatives of the bride and bridegroom.

The bride wore a dark blue traveling suit in keeping with the simplicity of the occasion. After congratulations the wedding party was served a delicious breakfast.

The bride and bridegroom left at eleven-thirty for a short automobile trip, after which they will be at home to their friends at Kenton, Ohio, where the bridegroom is established in business.

## FORD WILL CONTINUE HIS NEWBERRY FIGHT

One is Employed by Rush County  
Protesting Against Alleged  
Misuse of Money

Detroit, Oct. 1.—Henry Ford declared today he would not "stop protesting against the illegal use of money in elections as long as Truman H. Newberry is in the United States Senate."

"I will carry the issue to the people in every state whose senators vote to whitewash Senator Newberry," the automobile manufacturer declared in an interview with the United Press. Ford was defeated by Newberry for the office of United States Senator from Michigan in 1918.

"I do not want public office myself," Ford continued. "You could not drag me into the senate. But I will not rest while Newberry or any one else who through illegal use of huge sums of money during a political campaign, holds a seat in the senate."

Ford said he would wait to see what the senate did with the report of its special committee which investigated the Ford-Newberry contest before making his plans on carrying the issue to the people.
